## COURSES TAUGHT

**UNC Gillings School of Global Public Health**

Pharmacoepidemiology Seminar (EPID 893) — Fall 2026—present
Sole instructor (100%) — Enrollment: 9, Credits: 1

Epidemiologic Research Methods (EPID 726, required) — Fall 2026—present
Small group instructor — Small group: 6, Credits: 3

Systematic Review (EPID 702) — Spring 2024—present
Lead instructor with Cindy Feltner (50%), Spring 2024, 2025 — Enrollment: 29 (2025), Credits: 2
Sole instructor (100%), Spring 2026—present — Enrollment: 21, Credits: 2

**Indiana University School of Public Health-Bloomington**

Intermediate Epidemiology (SPH-E 658, required) — Spring 2020—2022
Sole instructor (100%) — Enrollment: 20, Credits: 3

Meta-Analysis and Systematic Reviews (SPH-E 670) — Fall 2020
Sole instructor (100%) — Enrollment: 15, Credits: 3

**Johns Hopkins Bloomberg School of Public Health**

Methods for Conducting Systematic Reviews and Meta-Analyses (340.606.01) — 3rd term 2019
Lead instructor with Tianjing Li (50%) — Enrollment: 50, Credits: 4

Clinical Trials: Procedures, Design, and Interpretation of Results (340.861.81) — 3rd term 2016—2019
Lead instructor with Janet Holbrook (50%) — Enrollment: 45, Credits: 3

Introduction to Clinical Trials (340.645.81, online) — 1st term 2015—2017, 2nd term 2018
Lead instructor with Janet Holbrook (50%) — Enrollment: 100, Credits: 3

Introduction to Clinical Trials (340.645.01, in-person) — 2nd term 2016—2017
Lead instructor with Janet Holbrook (50%) — Enrollment: 50, Credits: 3

**University of Oxford**

Systematic Reviews II — 3rd term 2008—2011
Sole instructor (100%) — Enrollment: 20, Credit equivalent: 3

Systematic Reviews I — 2nd term 2008—2011
Sole instructor (100%) — Enrollment: 20, Credit equivalent: 3

Research Methods in Evidence-Based Social Intervention II (required) — 2nd term 2008—2011
Lead instructor with Paul Montgomery (50%) — Enrollment: 35, Credit equivalent: 3

Research Methods in Evidence-Based Social Intervention I (required) — 1st term 2007—2010
Lead instructor with Paul Montgomery (50%) — Enrollment: 35, Credit equivalent: 3

## OTHER SUPERVISED RESEARCH

**Indiana University School of Public Health-Bloomington**

Independent Research in Epidemiology (SPH-E 792) — Summer 2020, Fall 2020

## SHORT COURSES

2014—present "Summer Institute on Randomized Behavioral Clinical Trials." Contribute to organizing and teaching a 4-day course with monthly follow-up meetings sponsored by National Cancer Institute. Madison, WI in 2024 and 2025, Salt Lake City, UT in 2026.

Previously a 9-day course sponsored by National Heart, Lung, and Blood Institute. Airlie, VA in 2014—2018. Bethesda, MD in 2019, 2021—2023.

2025 "Systematic Reviews Part 2: Completing a review." Taught a one-day course for the Howard W Odum Institute for Research in Social Science. Chapel Hill, NC.

2025 "Systematic Reviews Part 1: Starting a review." Taught a one-day course for the Howard W Odum Institute for Research in Social Science. Chapel Hill, NC.

2014—2021 "Completing a Cochrane Systematic Review." Taught a two-day course for the US Cochrane Centre. Denver, CO in 2020—2021; Baltimore, MD in 2014—2015.

2015, 2019 "Summer Institute on Strengthening Causal Inference in Behavioral Obesity Research." Contribute to organizing and teaching a one-week course. Bloomington, IN in 2019; Birmingham, AL in 2015.

2015 "Clinical Trials: Assessing Safety and Efficacy for a Diverse Population." Organized and presented at one-day workshop at US Food and Drug Administration. Silver Spring, MD.

2014 "Patient Reported Outcomes Symposium." Organized and presented at a one-day course at Johns Hopkins Bloomberg School of Public Health.

2013 "Beginning a Systematic Review Protocol." Taught a one-day course at UK Cochrane Centre (Oxford, UK)

## GUEST LECTURES

**UNC Gillings School of Global Public Health**

2023—present Design of Clinical Research Studies (EPID 804)

2024 Infectious Disease Seminar (EPID 894)

2024 Intervention Epidemiology (EPID 790)

2024 Environmental Epidemiology (EPID 785)

2023 Epidemiology Doctoral Seminar (EPID 891)

2023 Introduction to Social Epidemiology (EPID 826)

2023 Cancer Epidemiology and Pathogenesis (EPID 770)

2023 Systematic Review (PHLP 702)

## GRANTS AND CONTRACTS

Amounts are total costs in US dollars.

**Ongoing**
Improving results and conclusions about harms in systematic reviews of drugs (R01HS029877)
Objective: Use innovative methods to examine whether information about harms in systematic reviews is consistent, and whether reviews address harms identified in real-world evidence and drug labels.
Agency for Healthcare Research and Quality (AHRQ) 2024—2029 (60 months)
Multiple principal investigator (contact) with Halil Kilicoglu $1,918,852 (20% effort)

Peer review management services for PCORI's funded research
Objective: Oversee peer review of all PCORI Final Research Reports, including 11 Associate Editors, contracted through KnowledgeWorks Global with funding from PCORI.
Patient Centered Outcomes Research Institute (PCORI) Continuous renewals since 2022
Principal investigator UNC total for period 2022—2028: $1,560,621 (40% effort)

Innovative approaches to randomized behavioral clinical trials (R25CA287902)
Objective: Provide training to junior faculty in conducting randomized behavioral clinical trials.
National Cancer Institute (NCI) 2024—2028 (48 months)
Consultant (Corrine Voils, PI) $853,773 (none)

Computational methods, resources, and tools to assess transparency and rigor of randomized clinical trials (R01LM014079)
Objective: Use natural language processing to identify methods described in reports of clinical trials, assess adherence to reporting guidelines, and conduct meta-research.
National Library of Medicine (NLM) 2022—2027 (57 months)
Multiple principal investigator with Halil Kilicoglu $1,328,502 (20% effort)

**Past**
Using GPT to detect outcome switching in randomized clinical trials (cloud resource grant)
Objective: Use innovative approaches, including prompting large language models, to identify outcome switching in clinical trials registered on ClinicalTrials.gov.
AI Acceleration Program, Office of the Provost, University of North Carolina 2025—2026 (12 months)
Principal investigator $30,000 (computing costs only)

Innovative approaches to randomized behavioral clinical trials (R25HL149668)
Objective: Provide training to junior faculty in conducting randomized behavioral clinical trials.
National Heart, Lung, and Blood Institute (NHLBI) 2020—2023 (48 months)
Consultant (Kenneth E. Freedland, PI) $863,078 (none)

Indiana Clinical and Translational Sciences Institute (UL1TR002529)

Objective: To accelerate clinical and translational research by the three research universities, Indiana, Purdue and Notre Dame.

National Center for Advancing Translational Sciences (NCATS) 2019—2022 (parent award 60 months)
Collaborator (joined after award) 5% effort for 2019—2022
(Sharon M Moe, Sarah E Wiehe, George Wodicka, PIs)

Peer review of PCORI's funded research

Objective: Review final reports of PCORI funded research. Evaluate the effectiveness of the peer review process for improving reporting completeness and transparency.

Patient Centered Outcomes Research Institute (PCORI) 2016—2021 (72 months)
Site PI from October 2018 (Mark Helfand, PI) subcontracts total ~$800,000 (20% effort)

Misreported information about harms in trials of gabapentin for neuropathic pain

Objective: Reexamine and publish the harms observed in six clinical trials of gabapentin that were not published or not published completely. Contracted through RIAT Support Center, University of Maryland with funding from Arnold Ventures.

Arnold Ventures (formerly Laura and John Arnold Foundation) 2019—2021 (21 months)
Principal investigator $132,806 (15% effort)

Increasing take-up of TOP by social intervention research journals

Objective: Increase take-up of best practices for openness and transparency by high-impact journals in core disciplines of social intervention research.

Arnold Ventures (formerly Laura and John Arnold Foundation) 2019—2021 (18 months)
Principal investigator $238,975 (20% effort)

Harmonizing data from drug abuse treatment clinical trials at National Institute on Drug Abuse

Objective: Develop a comprehensive user-friendly database of the National Institute on Drug Abuse (NIDA) Clinical Trials Network (CTN) studies.

Arnold Ventures (formerly Laura and John Arnold Foundation) 2018—2021 (36 months)
Co-investigator (Ramin Mojtabai, PI) $500,000 (10% effort)

Mental health services and systems training program (T32MH109436)

Objective: Train pre- and post-doctoral students to lead multi-disciplinary, collaborative research teams.

National Institute of Mental Health (NIMH) 2017—2021
Collaborator (Colleen Barry and Elizabeth Stuart, PIs) $1,064,640 (student support only)

Further increasing take-up of TOP by social intervention research journals

Objective: Expand research designed to increase take-up of best practices for openness and transparency by high-impact journals in core disciplines of social intervention research.

Fetzer Franklin Fund 2020 (12 months)
Co-investigator (Sean Grant, PI) $18,700 (staff costs only)

Scientific review of efforts to improve the evidential value of nutritional epidemiology research

Objective: Host a workshop and prepare a report about rigor and evidence in nutritional epidemiology.

National Cattlemen's Beef Association 2020 (12 months)
Co-investigator (David Allison, PI) $25,200 (meeting and collaborator costs only)

Rigor, reproducibility, and transparency (RRT) at the interdisciplinary interface

Objective: Host a workshop and identify research priorities and opportunities related to RRT.

Sloan Foundation 2019—2020 (12 months)
Co-investigator (David Allison, PI) $19,960 (meeting and collaborator costs only)

TRUST in evaluations of social interventions: Developing standards for federal clearinghouses

Objective: Develop methods for federal clearinghouses to make informed decisions about the quality and transparency of evidence about the effectiveness of social interventions.

Arnold Ventures (formerly Laura and John Arnold Foundation) 2017—2019 (18 months)
Principal investigator $388,053 (20% effort)

Comparative effectiveness research & the Cochrane Eyes & Vision Group (UG1EY020522, year 9)

Objective: Conduct comparative effectiveness research, particularly systematic reviews, related to eyes and vision.

National Eye Institute (NEI) 2018—2019 (12 months)
Co-investigator (Tianjing Li, PI; joined after award) $999,479 in 2018—2019 (10% effort)

Policies and procedures for registering and reporting clinical trials (parent grant UL1TR001079)

Objective: Ancillary award to evaluate the policies, procedures, and resources to ensure clinical trials are registered and reported by academic organizations, and to identify and share best practices.

National Center for Advancing Translational Sciences (NCATS) 2016—2019 (36 months)
Project lead (Daniel E. Ford, PI on the parent grant) ancillary award $50,000 (10% effort)

Estimating population effects in mental health research using meta-analysis (K99MH111807)

Objective: Develop methods to help generalize the results of meta-analyses, apply, and implement findings from meta-analyses of randomized clinical trials in target populations.

National Institute of Mental Health (NIMH) 2017—2018
Mentor (Hwanhee Hong, PI) $117,636 (mentee costs only)

Increasing openness and transparency in research (74420)

Objective: Identify and promote policies and procedures that institutional review boards (IRBs) can use to support open science.
